This pattern is designed for stretch fabric with spandex. Suitable for stretch lace, mesh, lycra or cotton lycra.

Wash all dark fabrics to remove excess dyes

1) Assemble pattern & cut 2 on folded fabric with greatest degree of stretch as shown.

2) Sew elastic, elastic trim or stretch lace to upper edge using a stretch stitch or zig-zag. Trim excess fabric at top.

3) Fold fabric lengthwise with RIGHT sides of together, match raw edges from top down to toes.

4) Sew seam using a stretch stitch. Reinforce high stress areas - upper edge at elastic & at toe by back stitching.

5) Trim seam to 1/8" (3.2mm) to reduce bulk & turn RIGHT side out.
